

For the Teachers & Administrators:

God, we pray for our teachers and administrators. Our teachers who are overwhelmed and our administrators who are struggling with tough decisions. This is unfamiliar territory for them and they are being asked to do things that they are not trained to do, not prepared for and not equipped to handle. But with your help, they will. We know they will because of their love and dedication for our children and youth. God grant them wisdom. We also pray for patience...patience with the children, parents, and their coworkers. We ask that you give them peace of mind. And we pray that when school starts, with all of the potential chaos this school year may bring, that they will be the voice of calm and reassurance that our children desperately need. Hear our prayer...

For the Support Staff:

God, we ask for your physical, emotional, and spiritual blessings on the entire school staff – for our bus drivers, cafeteria staff, school nurses, custodians, counselors, and office staff. Walk with them and guide them in moments of stress and enable to them to seek an understanding of each child in their care with a kind heart and a discerning spirit. Hear our prayer...

For the Students:

God, we pray for all the children who will be learning in a different way – online and in person. We pray you keep them safe and we ask that you help them be responsible, good listeners and good learners. We know we are asking things of our children that we have never asked before. Help them be flexible and to adapt. Help these children have patience and help them have compassion for themselves, their classmates and their teachers. Hear our prayer...

For Students with Special Needs: God, we lift up our children and youth who have specific needs – physically, mentally, socially, or emotionally. This pandemic has been especially hard on them and their families. Every child is different but you know their needs and what is best for them. Help these families make the right decisions for their child and help these children overcome the hurdles that have been placed in front of them. God, with your help, these children and families can excel. Hear our prayer...

For CDL/Home School Students: God, we lift up to you all the children who will be going to school online or who will be home schooled. We pray that they feel loved and connected. We pray for motivation, so that they are able to learn the material presented to them and we ask for your blessings upon them while they struggle with limited social interaction opportunities. Hear our prayer...

For Parents: God, please be with the parents at this time as they struggle to not only be parents, but also teachers and counselors. We see them juggling multiple responsibilities – including their children, their marriages, and their jobs. We see them deliberating and weighing all the options for their children and families. They are having to make decisions they never thought they would have to make. God, please give them guidance in their decision making and peace of mind. Hear our prayer...

God, we ask your blessing on our school administrators. Thank you that they have answered the call to lead our teachers and schools so that our children might learn in a safe and nurturing environment conducive to academic and personal success. Bless our school administrators with wisdom, integrity, a sense of humor, patience and the physical and mental energy equal to their tasks. Bless them with strong support from parents, teachers and the community. Surround them with a hedge of protection for their health and their families. Hear our prayer...

God, we lift up our college students. These young adults that are ready to leave the nest, to be on their own and to be independent. This isn't what they wanted, what they were expecting or what they need. Please guide them through this transition – whether it be online, at home, on campus or something in between. Give them strength, give them an open mind so they can learn and give them peace in whatever situation they find themselves in. Help this obstacle strengthen them and not overwhelm them. Hear our prayer...
